Non-Members \$77.00

Military \$72.00

REQUIRED EQUIPMENT

Water bottle

Comfortable clothing

All materials included

Get ready to explore the exciting world of **LEGO® COMPUTER SCIENCE & AI LAB** designed to teach kids how technology, coding concepts, and intelligent systems are used in the real-world.

Each week kids will build, experiment, and collaborate as they explore topics such as algorithms, patterns, automation, sensors, and the basics of AI. Through engaging, hands-on activities and guided challenges, kids will develop computational thinking, creativity, and teamwork skills in a fun, friendly, and supportive environment.

Whether they're new to S.T.E.M. (Science, Technology, Engineering, and Math) or eager to learn more about emerging technologies, this program offers kids an engaging introduction to computer science and AI through play, exploration, and innovation.

NO PRIOR CODING OR ROBOTICS EXPERIENCE REQUIRED, JUST A LOVE OF LEARNING!
