Grab a pencil and unleash your creativity! **AFTER SCHOOL ART: SKETCH SQUAD** is a beginner-friendly drawing program where young artists will have fun exploring the fundamentals of sketching through engaging, step-by-step projects.

Each week introduces new drawing techniques while encouraging participants to practice line, shape, shading, texture, perspective, and proportion as they draw a variety of subjects, including animals, nature, characters, and everyday objects.

Whether they're picking up a sketchbook for the first time or looking to build their drawing skills, young artists will gain confidence, explore new techniques, and enjoy expressing their creativity in a supportive and encouraging environment.
